

# What is the ultimate window cleaning experience?

## **We specialize in high-end homes and know what matters most**

We've been in the window cleaning business for 30 years. Recognized for our high level of service and customer care, we've specialized in high-end residential window cleaning for the past 17 years.

Let our years of experience put you at ease. You can expect *and get* the meticulous attention to detail and service that you deserve!

## **We put a huge premium on providing superior customer service**

Our level of customer service has always set us apart. We consider it just good business to promptly return phone calls, arrive at your home as scheduled, and call you if we're unavoidably delayed.

If we're not at your house within 15 minutes of your scheduled time, we will discount your fee.

Your satisfaction is our most important goal. You will agree that your home looks sensational—or you don't pay.

And by the way, we know appearance counts. We are neat, clean, and appropriately dressed. You won't find us working in cutoffs or tank-tops.

## **We are professionals who care about your home**

When we leave your home, all you will notice is the sparkling clean windows!

Because we always use drop cloths and wear protective footwear or clean shoes, you won't have any dirt, drips or spills inside your house to worry about.

We are also very careful while working outside. You won't have to worry about dings from ladders or crushed plants.

And while we're up on a ladder, seeing what you can't, we'll let you know if we notice anything that needs your attention! In fact, we'll change a light bulb on those hard-to-reach fixtures for free.
